## The Noch 100-year Anniversary LASER-CUT BUILDINGS: The Future of Model Buildings

## Thinking Turntable

by Fleischmann

Turn your Locos with the Thinking Turntable by Fleischmann, and be the envy of other modellers. (HO and N).

Using the turntable-operating switch 6910, each desired track exit can be set and individually controlled and electrically switched on or off. All other exits (even the one directly opposite) can remain without power. Digital-ready.

### Get your FREE Fleischmann Sample Track

#### PROFI-Track

in HO or N-gauge.

Please nominate the gauge. Profi-track is pre-ballasted base, nickel-silver rails. The sample of track will come with a track-planning booklet. Send SAE or fax.

## LGB G-scale Starter Sets and Track Packs for indoors and outdoors

### Get your LGB Catalogue 2011 only \$15 for full program
